The City Council met in adjourned session Saturday night at the City Clerk's office. President Wylls was in the chair with all the members present except Whiteman and Burns.

The new ordinance regulating the license on dogs was put on its final passage, all members voting aye. Permission was given to erect a roller skate platform within the fire limits.

Several ordinances were put on their first reading to be voted on at the next regular meeting.

On the recommendation of City Attorney Patton a new pound ordinance was passed by unanimous vote.

The petition of over five hundred citizens asking the council to rescind its recent order relative to cutting the trees interfering with the cement sidewalks was received. Without debate and by unanimous vote the council rescinded the order.

The city attorney was requested to draw up an ordinance regulating the future planting of trees so that they would not come in the way of the walks.

A petition for extending the time for putting down the walks was received, but the request was rejected by a vote of 5 to 3. Brooks, Devine and Johnson voting aye; Church, Kinsinger, Ogle, Parsons, and Wylls voting no.

A petition asking that cement walks be ordered in on Fifth street to Missouri avenue was tabled.

As the City Marshal on account of his numerous duties is compelled to keep a horse, an allowance of \$10.00 extra per month was allowed him for this purpose.

J. E. Dill was granted a building permit for a building on Main street.

B. F. Daniel being the lowest bidder, was awarded the contract for putting in the bridge across the Hondo on Albuquerque street. The bid was \$160.

All of the gentlemen who composed the party were highly pleased and so expressed themselves. Several of the party bought 1800 acres of land south of the city and will return and locate permanently. The Tallmadge Land Company expect to have five hundred homeseekers here by June 21 from the northern states.

### ILLINOIS FOR HEARST.

Despite the Strenuous Opposition of Mayor Harrison and Followers.

Springfield, Ill., June 13.—Indications point to W. R. Hearst controlling the Democratic state convention here tomorrow, and a delegation instructed for him is likely to be chosen. Despite the strenuous efforts begun early in the campaign by Mayor Harrison of Chicago and his followers to have the convention declare for Congressman Williams for the presidential nomination, the Hearst movement has continued to gather force, and if all the delegates instructed can be kept in line there will be little doubt of the victory of the New York congressman.

In addition to choosing the delegates to St. Louis, tomorrow's convention will name a full state ticket to be voted for at the November election. Among those whose names are mentioned in connection with the gubernatorial nomination are Judge Owen P. Thompson of Jacksonville, Mayor W. C. Crolius of Joliet, Senator L. B. Stringer of Lincoln, Elmore Hurst of Rock Island and William Prentiss of Chicago.

The question of whether or not the Illinois delegation to the national Democratic convention will be instructed for Hearst depends largely upon the outcome of a three cornered factional fight for the control of the party organization. The factions in the struggle are made up of the adherents of John P. Hopkins which means the existing party machine, the followers of Mayor Harrison and those who favor Hearst.

## RUSSIAN LOSS

LED INTO A TRAP NEAR SHUNG MAO BY THE WARY JAPS.

### A CHINESE SPY

The Chinaman Has Returned From Port Arthur and Tells of Conditions There.—Michael Davitt Reports on General Conditions in Russia.—General Kuropatkin is Advancing.

New Chwang, (Sunday, midnight) June 12.—Information received here at ten o'clock tonight through heretofore reliable channels that a part of the Japanese force left at Hulan Tien to checkmate the Russians' southward movements to relieve Port Arthur was attacked southeast of Shung Mao yesterday. After slight fighting the Japanese made a false retreat, the Russians hotly following them, when the Japanese made a flank movement catching the Russians in a trap. The Russian losses are estimated at eight hundred. They fell back on Kaichow and began to retreat along the Balmatgu Tsaichou road.

New Chwang, June 13.—A Chinaman who was smuggled into Port Arthur as a spy and escaped from there seven days ago, was arrested at New Chwang last night. He told a correspondent of the Associated Press that the Russians were working a large force of men day and night repairing war ships. They expect the work will be completed within a fortnight. Four cruisers have their guns trained landward to assist in repulsing a land attack. The channel is partly closed, but Admiral Togo's blockade is ineffective. The spy estimates the total strength of the Russian forces, including sailors, at less than thirty thousand men. There are many sick and wounded. There is food sufficient for two months. The Russians at Port Arthur are gloomy, though hoping that General Kuropatkin will send an army south to assist the garrison of Port Arthur. The coal supply at Port Arthur is low. It is estimated at only 2,400 tons of Cardiff and 3,000 tons of Japanese coal.

St. Petersburg, June 13.—Michael Davitt, who is in St. Petersburg investigating the labor and industrial conditions of Russia, in an interview with the Associated Press today said that he had also investigated the attitude of the masses in Russia toward the war, and found everywhere only quiet confidence that Russia is bound to win in the end. There is no trace of excitement and business everywhere is progressing as usual, the people following their ordinary routine. Stories of the wholesale execution at Moscow and the sanguinary conflicts at Odessa are so far as inquiry shows pure invention.

St. Petersburg, June 13.—The Japanese advance of columns north and south of Feng Wang Cheng is causing considerable mystification. The predominant military opinion still inclines to be that like movements in both directions are feints, although the opinion that General Kuropatkin has begun a serious advance by both flanks against Liao Yang does not lack supporters.

Renewed skirmishing is reported in the neighborhood of Siu Yen, but there is no confirmation officially of an engagement reported by the correspondent of the Associated Press at Hai Cheng last night as having occurred 30 miles southeast of Hai Cheng in the direction of Fenwang Cheng road. In this report it was stated that the Japanese lost two battalions. If this report turn out to be true it will show that the Japanese

are advancing towards Hai Cheng between the two roads, as the column reported engaged must have been different from the one which drove out the Russians from Siu Yen on the road further south. Extreme reticence is manifested at the war office regarding the military situation which is generally regarded as foreshadowing important developments in the immediate future. While the imminence of a decisive battle between the two armies is distinctively discouraged, the news of fighting of rather heavy character is anticipated. Lack of official reports from General Kuropatkin during the last 48 hours is regarded as significant.

Seoul, June 13.—According to Korean official reports received here the Russian forces which were at Nin Yang have retired to Cheng Jin.

### ELECTROCUTED.

Two Men Put to Death in the Electric Chair.

Ossining, N. Y., June 13.—Albert Koepfing and Oscar Borgstrom were put to death in the electric chair this morning. The executions took place without a hitch, and twenty-four minutes after the first man was led to the chair the second was pronounced dead. Each went to his death without displaying any emotion. Koepfing murdered John Marlen after being ejected for non-payment of a board bill. Borgstrom cut his wife's throat in a fight caused by jealousy.

### TWO HUNDRED MORE.

Miners and Their Attorney to be Deported This Afternoon.

Cripple Creek, Colo., June 13.—Among the union men placed in the bullpen is Frank J. Hangs, attorney for the Western Federation of Miners, who was arrested today by orders of General Bell. General Bell says his arrest was necessary for the peace, quiet and good order of the county of Teller. Hangs will probably be deported with nearly two hundred other men scheduled to be sent out this afternoon. On the surface everything is quiet and the normal conditions prevailed throughout the district today. Practically all the big mines except the Portland have re-opened. The contemplated lifting of martial law and the withdrawal of troops has raised a strong protest from the citizens' alliance and mine owners' association, and it is likely that Governor Peabody will be asked to continue the soldiers in the field for an indefinite time.

### BIG AS GOOSE EGGS.

Hailstones of the Regulation Size in Colorado.

Brush, Colo., June 13.—Hail stones two and a half and three inches in diameter fell yesterday afternoon doing much damage to crops, buildings and stock. The damage is estimated at from \$75,000 to \$100,000. A heavy storm with waterspout did enormous damage at Sterling, and growing crops there will be a total failure. Colorado Springs, Colo., June 13.—A cloudburst washed away several small houses near Monument north of here last night, delaying trains and washing out some small bridges.

### WRIT OF PROHIBITION.

Sought By Democrats to Prevent the Hearing of Election Contest.

Denver, Colo., June 13.—Attorneys for the Democratic party appeared in the supreme court today and made application for a writ of prohibition to prevent the hearing of the Republican election contests in the county court, on the ground that neither the constitution nor the 20th amendment provided for such hearing in the county court. The court ordered the suspension of proceedings until June 20th at which time the contestants were ordered to appear and show cause why the writ of prohibition should not issue.
